SENATOR CARPENTER: I'd like to move that we bracket 506A, that we attempt to pass 506 without any appropriation. That's the bill pertaining to the Mexican-American Commission.

PRESIDENT: You want to--

SENATOR CARPENTER: Bracket 506A which is the appropriation bill, along with all the rest of them. I'd like to have 506 which is only the authorization, passed.

PRESIDENT: Check. Senator Carpenter is asking unanimous consent to bracket LB 506A, the appropriation bill to 506. Are there any objections to bracketing 506A? Senator Stahmer, are you objecting?

SENATOR STAHMER: Yes, I object.

PRESIDENT: Thank you. Senator Carpenter, do you want to move?

SENATOR CARPENTER: Does he want to unbracket 506A or what?

SENATOR STAHMER: I don't think we're talking about that much money. I don't think it's going to have any fiscal impact. I think we ought to unbracket it.

SENATOR CARPENTER: Unbracket it?

SENATOR STAHMER: Yes and consider it.

SENATOR CARPENTER: Well, I don't care what you do with 506A, the only interest I have in 506. Do you object to that?

SENATOR STAHMER: Nope.

SENATOR CARPENTER: I move we pass--read 506, I don't care if 506A--

PRESIDENT: Wait a minute, Senator Carpenter, I didn't catch your motion. Do you want to move to read 506?

SENATOR CARPENTER: Just 506.

PRESIDENT: Alright.

SENATOR CARPENTER: Leave 506A where it now is.

PRESIDENT: Senator Stahmer, do you object to that?

SENATOR STAHMER: Yes I do, I think we ought to consider them both.

PRESIDENT: Alright, his motion then is, do I, does the Chair understand that you're making a motion now to read it? We'll take a vote then on it, Senator Carpenter.

SENATOR CARPENTER: Yes, I'd like to move we read 506.

PRESIDENT: Do you understand the motion? The motion is to go ahead and read LB 506. Now, Senator Syas, do you want to debate the motion?

SENATOR SYAS: I want to ask a question.

PRESIDENT: Go ahead, sir.

SENATOR SYAS: Of someone. The other day this came up-- Senator Carpenter asked this question that I'm not, that
